Arbor-Nomics Turf Wins Best of Gwinnett Three Years Running

ATLANTA, February 25, 2019

Arbor-Nomics Turf is pleased to announce it has been named a 2018 Best of Gwinnett company by *Gwinnett Magazine*. This is the third consecutive year that the lawn, tree, and shrub care provider has earned the designation.

“When you provide a service, nothing matters more than what your customers say about you. We are extremely proud - and happy - to have such a strong track record of doing right by our customers.”

Dick Bare, *Arbor-Nomics CEO/President*

In the Best of Gwinnett competition, *Gwinnett Magazine* readers vote for their favorite area businesses across a range of categories, such as building, retail, and lawn care. The magazine’s editors then analyze the voting patterns using reports from the Better Business Bureau and data from various consumer ratings sites to determine which companies make the cut in three categories: Best of Gwinnett, Among the Best, and Ones to Watch.

Arbor-Nomics offers five programs, beginning with proprietary lawn treatments and adding

ornamental tree and shrub care, aeration, pest and disease controls, and other services, to meet every customer’s needs. All of their field technicians are Certified Landscape Specialists who have completed specialized training in the safe and effective application of fertilizers, weed controls, fungicides, and insecticides and receive continuing education in lawn, tree, and shrub care.
